SUMMARY

I am a passionate backend developer and an aspiring full-stack web developer with a strong foundation in problem-solving and core web technologies. Currently, I am enhancing my skills as an intern at CODSOFT, where I work on building functional and efficient web solutions.

I specialize in backend development using Node.js, Express.js, and MySQL, with hands-on experience in creating robust APIs and managing databases. My ultimate goal is to master both frontend and backend technologies to deliver seamless, user-friendly, and responsive web applications.

PROFESSIONAL EXPERIENCE

INTERN AT CODSOFT

Nov 2024 - Dec 2024

- Developed responsive and interactive frontend interfaces using HTML, CSS, and JavaScript to ensure a seamless user experience across devices.
- Built a responsive calculator application that performs basic arithmetic operations with a clean and intuitive design.
- Designed and implemented a modern landing page with optimized layouts, smooth navigation, and responsive design principles for enhanced usability.

PROJECTS

Industrial Basics and General Application

Jan 2023 - Jun 2023

1. Responsive Portfolio Website

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript to showcase my projects, skills, and experience.

2. Calculator Application

- Built a functional and responsive calculator using HTML, CSS, and JavaScript.
- Integrated real-time arithmetic operations, including addition, subtraction, multiplication, and division, with a clean and intuitive interface.
- Optimized for various screen sizes to ensure usability on desktops, tablets, and mobile devices.

3. Responsive Landing Page

- Created a responsive and visually appealing landing page using HTML and CSS.
- Designed a modern layout with smooth navigation, interactive elements, and engaging hover effects.
- Ensured cross-device compatibility with optimized code and responsive design principles.

SKILLS
